STAFFORD LAKE BIKE PARK SITE VISIT

The Marin County Department of Parks and Open Space will host a tour of the proposed location for a 14.1-acre progressive skills bike park at Stafford Lake County Park, 3549 Novato Blvd., Novato, on Saturday, January 22, at 1:30 p.m. Bike park consultants from Hilride and Marin County park planning staff will be available at Stafford Lake County Park to lead tours, outline the planning process, and answer questions regarding the proposed bike park.

Hilride developed a feasibility study for the bike park and has been contracted by the County of Marin to develop a master plan for the facility. In addition to the site visit, the County and Hilride will conduct a number of workshops over the next 3 months to engage the public in the park's design. The completed master plan will be considered by the Marin County Board of Supervisors in late spring or early summer 2011.

Stafford Lake County Park currently features picnic areas, group picnic facilities, a children's playground, fishing opportunities, and a disc golf course within the 139-acre park.
