

**Marin County IPM Program  
Application for Limited Use and Notification Exemption**

Person Requesting: Jon Wright Date: 01-12-2010

Department: Department of Public Works Phone: 415-499-6576

Proposed Material: Turbo Dust EPA Reg Number: 9444-150

Active Ingredient: Fipronil Amount of Material Needed: According to Label

Location of Proposed Use: Marin County Civic Center Café and other facilities in need of cockroach, and or spiders control services.

Reason why Restricted:\* Possible Carcinogen

Reason for Need: Roach and spiders infestations routinely invade county facilities often being brought in on boxes delivered to various departments or spiders making their way from the exterior. Boric acid has proven and effective product when applied to crack and crevices. As monitoring takes place there may be a need to have available in our tool box a leave behind product for cockroaches and spiders. Without an effective product in place cockroach populations may rise considerably effective public health.

Options/Alternatives Sanitation and cleaning is the first choice. Recommendations may be made to seal crack and crevices to reduce harborage. Mechanical eradication such as vacuum etc. services will be utilized by pest control provider. Trapping within monitoring stations will provide limited eradication.

Plan to Preclude Future Use: Regularly evaluate alternatives. Follow recommendations to reduce harborage and food available to cockroaches and or spiders before out breaks occur.

Time Period Needed: Until an Approved Pesticide List is adopted containing the above product on the Special Needs List.

until 3/31/10  
 Request Approved,  Request Denied

[Signature] Date 1/21/10  
Ed Hulme, IPM Coordinator
