CERTIFIED POOL OPERATORS TRAINING COURSE (CPO)

March 23, 24, 25, 2010
Corte Madera

April 20, 21, 22, 2010
Concord

May 12, 13, 14, 2010
Newark

Provided by:

**Commercial Pool
Systems, Inc.**

In cooperation with:

**National Swimming
Pool Foundation**

Instructor
Steve Dunn

Who should attend? Private and public facility operators, aquatic managers, supervisors, facility and property managers, and pool service companies.

CPO PLUS – This course goes beyond the traditional CPO course training. Preventative maintenance procedures, tips and solutions to common problems are included throughout the course to help you keep your facilities operating with as little down time as possible with the safest environment in mind.

General Course Outline

Mechanical Room: pumps, filters, and heaters

Pool and Spa Chemistry: basic chemistry, chemical costs, types, cost and effects, manual and automated control, water balance, water testing, and test kits

Facility Maintenance and Operation: automation, maintenance, and troubleshooting

Codes and Regulations: national, state, and local

Chemical Safety: personal considerations and emergency procedures

Energy Considerations: reduction in costs, blankets and heaters

Featuring: Field Experience, Troubleshooting and Technological Advances

Instructor:

Steve Dunn has over 22 years of experience with pools and spas. Steve has a degree in Business Administration. He has a facility management background with YMCA experience. Steve has held a CPO certificate for over 19 years. He is currently the Vice President for Commercial Pool Systems, Inc., a company which provides commercial pool and spa equipment, chemicals, water quality, training, and consulting. Through his field and management experience Steve will bring practical field experience in addition to technological knowledge. He provides lectures and has authored articles on many topics. Steve is a leading expert on Anti-Entrapment and the Virginia Graeme Baker Pool and Spa Safety Act.
