

★ Voting at the Polls ★

How does voting at the polls work?

Voting at the polls is easy! Here's how it works:

- ★ A poll worker will ask you to sign the Roster of Voters, and give you a ballot and a secrecy folder.
- ★ You will take your ballot and secrecy folder to a voting booth to vote.
- ★ You will put your voted ballot in the secrecy folder, and take it to the ballot box.

What if I need help?

Just let a poll worker know what kind of help you need.

They can:

- ★ Show you how to mark your ballot, using a demonstration ballot, and
- ★ Tell you about other kinds of support for voters with special needs.

Do I need to show my ID?

You must show ID if:

- ★ You registered to vote by mail, but did not list a driver's license or ID number on your voter registration form, and
- ★ This is your first time voting in a federal election in Marin County.

What if the poll worker cannot find my name on the Roster?

You can still vote. The poll worker will give you a provisional ballot. Your ballot will be counted if we confirm you are properly registered, and you only voted once in this election.

Rev. 6/8/2010

Why would my name *not* be on the Roster?

The most common reasons are:

- ★ You are in the wrong polling place.
- ★ You changed your name, but did not fill out a new registration form.
- ★ You moved to Marin County or moved to a new address in Marin County, but did not fill out a new registration form.
- ★ You registered after the deadline.
- ★ You did not register.

How can I know if my provisional ballot was counted?

The poll worker will give you a provisional ballot receipt with our phone number and instructions.

Or you can:

- ★ Call during office hours:

Starting 7 days before the election you may vote in person at the Elections Office or give any representative your written permission to pick up and return your ballot.
