

Availability of Pertussis Vaccine (Tdap) at the Immunization Clinic (July-January 2011)

Vaccine to prevent Pertussis/Whooping Cough (Tdap) will be available at the Immunization Clinic. **You must make an appointment to receive the vaccine.** If you would like to schedule an appointment, please **call (415) 473-4400.**

Where?: The Immunization Clinic is located inside the Marin Health and Wellness Campus at 3260 Kerner Blvd. in San Rafael.

When?: Tdap will be available **by appointment only** during the following times:
Tuesday 1:00 – 4:00 pm
Wednesday 1:00 – 4:00 pm
Friday 1:00 – 4:00 pm

Who?:

- Persons 10 years or older who live in the same house with an infant 6 months or younger.
- Caregivers of an infant 6 months or younger.
- Adults who have never gotten Tdap should substitute it for their next Tetanus booster. A two year interval since the last tetanus booster is suggested by CDC, but not required.
- Children/Adolescents 10 and up who have not yet received Tdap. If they have already gotten a booster dose of Tetanus (without pertussis), they should have a dose of Tdap. Waiting at least 5 years between Tetanus and Tdap is encouraged by CDC, but not required.
- Healthcare workers who have direct patient contact in hospitals or clinics.

Cost?: The cost for a Tdap vaccine is **\$10.00 per person** during July, August and September.

Important:

- You must have an appointment in order to be seen.
- Please arrive 15 minutes early to register. If you are 10 minutes or more late for your appointment you will have to be rescheduled.
- Bring your immunization records if you have them.
