

## ENERGY ART AT THE LIBRARY

### The Art of Kerry Louise Gilbert

Kerry Louise Gillett has created a show uniquely designed for Marin County's South Novato Library. Her works include acrylic paintings, monoprints, and banners. With titles such as "Brilliant Ideas" and "Gathering Wisdom", the colorful banners have transformed the industrial feel of the converted aircraft hangar in Hamilton Field into a warm, cheerful place.

This project is a work of love for Ms. Gillett, a long-time supporter of her library. She has combined her skills in feng shui, art, and interior design to create a presentation that uplifts the mind as well as the soul.
