

Vineyard Creek Project Update (12/12/07):

Project is on-schedule for construction in the summer of 2008. The 50% Creek Design Plans are being reviewed and a Memorandum of Understanding (MOU) is being finalized between the City of Novato and the Marin County Flood Control & Water Conservation District. This MOU will solidify agreement on maintenance and financing between the two agencies. The environmental permits have been requested and the draft environmental document has been prepared.

Finally, Winter Storm preparedness actions for Vineyard Creek had been completed with staff assigned storm patrol responsibilities in the area.
