**February 2001**

## ACKNOWLEDGEMENTS

The development of Marin Transit Futures was a partnership effort amongst the Marin County Congestion Management Agency, Marin County Transit District, and Golden Gate Bridge, Highway and Transportation District. John Loll, Transit Manager of the Marin County Transit District served as Project Manager for the study effort. The Marin County Congestion Management Agency hired Crain & Associates, Inc. as the prime contractor for the study. DKS Associates, Inc., Meyer Mohaddes, Inc., The Robert Group, Transit Resource Center and CartoGraphics were subcontractors and each provided significant contributions to the study and this report. John Eells, transportation consultant to the Transit District, assisted the Transit District in management of the study.

## TABLE OF CONTENTS

<u>Chapter</u>	<u>Page</u>
1. INTRODUCTION AND VISION .....	1
I. Purpose of Plan .....	1
II. Transit Vision for Marin County .....	1
III. Preview of Plan .....	3
2. MARIN TRANSIT FUTURES SUMMARY .....	5
I. Public Outreach .....	5
II. Public Transportation Needs .....	5
III. Service Plan .....	8
IV. Operating Costs .....	11
V. Operating Revenues .....	12
VI. Capital Costs .....	12
VII. Capital Revenues .....	13
VIII. Summary of Revenues and Costs .....	13
3. PUBLIC OUTREACH .....	15
I. Public Outreach .....	15
II. Data Collection .....	17
4. ANALYSIS OF PUBLIC TRANSPORTATION NEEDS .....	19
I. General Travel Patterns .....	19
II. Evaluation by Market Segment .....	20
5. MARIN TRANSIT FUTURES FRAMEWORK .....	29
I. Service Framework .....	29
II. Defining Service Concepts .....	30
III. Service Scenarios .....	34
IV. Ridership Estimates .....	43
V. Fares/Fare Policy .....	44
6. REGIONAL AND INTERCOMMUNITY SERVICES .....	49
I. Regional Services .....	49
II. Intercommunity Services .....	59
III. Transportation Demand Management .....	64
7. LOCAL SERVICES .....	69
I. Southern Marin .....	69
II. Central Marin .....	77
III. Northern Marin .....	88
IV. West Marin .....	94

## Tables

2-1: Marin Transit Futures Operating Costs	10
2-2: Summary of Operating Revenues	11
2-3: 20-Year Capital Cost Estimates	13
2-4: Proposed Funding Plan for 20-Year Capital Costs	13
2-5: Summary of Operating and Capital Costs and Revenues – Twenty-Year Projections	14
4-1: Projected Increases in Local and Intercounty Trips to Meet ADA Paratransit Demand	24
5-1: Summary Overview - Reasonable Choice Scenario	36
5-2: Summary Overview – Ferry Emphasis Scenario	40
6-1: Reasonable Choice – Regional and Intercommunity Transit	52
6-2: Ferry Emphasis Regional and Intercommunity Transit	55
6-3: Summary of Intercommunity Services	60
7-1: Southern Marin Service Characteristics	70
7-2: Southern Marin Annual Hours and Costs	76
7-3: Central Marin Service Characteristics	80
7-4: Summary of Central Marin	86
7-5: Northern Marin Service Characteristics	90
7-6: Northern Marin Annual Operating Hours & Cost	93
7-7: West Marin Service Characteristics	98
7-8: West Marin Service	101
8-1: Bus Pad Improvement	113
9-1: Marin Transit Futures Operating Costs	129
9-2: Base Revenues – Reasonable Choice Scenario/Ferry Emphasis Scenario	132
9-3: Funding Shortfall – Reasonable Choice Scenario/Ferry Emphasis Scenario	133
9-4: Summary of Operating Revenues	138
9-5: 20-Year Capital Cost Estimates	142
9-6: Proposed Funding Plan for 20-Year Capital Costs	142
